Motor Insurance Policy Booklet

This booklet describes generic terms for a fictional motor insurance product. It intentionally contains little policyholder-specific data.

What is covered

Comprehensive cover may include damage to your vehicle, fire, theft, windscreen cover, and third-party liability, subject to the terms and exclusions in this booklet.

Claims

You must tell Northbridge Mutual Motor Insurance Ltd about any accident or loss as soon as possible. We may ask for evidence, photographs, repair estimates, or further information.

General exclusions

No cover is provided where the vehicle is used outside the permitted class of use, where the driver is not entitled to drive, or where policy information is materially incorrect.

Complaints

If you are unhappy with our service, contact the fictional complaints team at Northbridge Mutual.
